

ADMISSIONS RADIOGRAPHY PROGRAM CHECK LIST

The following criterion is used for entrance into the Radiography Program:

MINIMUM REQUIREMENTS

1. _____ High School or College Biology within the last 5 years with a C or better to get into A & P-1.
2. _____ High School or College Chemistry within the last 5 years with a C or better to get into A & P 2
The student needs these courses before they can enter into Anatomy and Physiology I and II.
If the student needs to take chemistry and biology please make sure the students are enrolled in these classes as soon as they start to ensure they can get into A & P 1 and II as soon as possible.
3. _____ College Math/Logical Reasoning Requirement Transferable Math 100 or higher or HSC 137 Math for the Health Profession.
4. _____ the student must attend an information meeting which is scheduled in the fall and spring semester from the Belmont Campus Bettendorf Ia.
5. _____ The student must complete at the least 12 core courses of the pre-requisites by the end of the fall semester to be eligible for the next fall enrollment for the Rad Tech Program. These core courses include:

ENG 105 English Comp I OR SP 112 Public Speaking (Completed by December to apply for the following fall entrance)

PSY 111 General Psychology I Or SO:110 Sociology (Completed by December to apply for the following fall entrance)

Medical Terminology HSC 113 (Completed by December to apply for the following fall entrance)

BIO 168 Anatomy and Physiology I (Completed by December to apply for the following fall entrance)

6. _____ The Student must complete BIO 173 Anatomy and Physiology II by the fall semester or first 8 weeks of the spring semester to begin the program in the summer each year.
7. _____ The student must complete the Assessment Entrance Examination (TEAS) prior to the March interview process. This entrance examination will be at a cost to the student of 65 dollars. The student may take the assessment entrance exam 2 times in one year to raise their scores. It is suggested not to complete the entrance exam until after the student has completed the core courses so the exam will reflect the current knowledge of the student. The student will need to contact Jan Jacobs to set up a time for the assessment entrance examination.
8. If the student does not receive a C or higher in the above courses they may retake them a 2nd time to improve their scores.
9. _____ College GPA of 2.5 or higher of pre- requisites and co-requisites
10. Entrance into the program is based on a point system. The students receiving the most points will be accepted in the spring for the fall entrance.
11. Once these requirements are met the student must call to schedule an interview between January 15th and February 20th , for a March interview with the Director of Radiography.

**If students have the same total point count, the date they declared Radiography as their major will be used as a tie breaker.*

If you have questions please contact: Jan Jacobs 563-441-4265 Director of the Radiography Program.
